- Anti-Glare !
- Anti-Dirt !
- Anti-Scratches !

Stops marks. Stops scratches. Stops glare. Stops reflections.

TFT display devices are constantly prone to accidental scratching. ARMR200 film (anti-reflection matte removable) helps protect vulnerable screens whilst helping to reduce glare.

ARMR200 film is easy to apply and offers really tough protection. Simply peel away any damaged film and replace with fresh clean film in seconds.

- Can be used on displays with and without touchscreen
- Specially engineered hard coat for maximum protection
- Anti-reflective coating – helps improve clarity and readability
- Easy to clean – marks and fingerprints wipe away easily
- Removable – non-tacky adhesive removes easily with no residue
- Matte surface for less slippage when writing with a stylus
- Ultra thin – ideal for screens requiring a stylus
